---

Hi everyone,

Please come along and join us at the next Brain Friendly Learning Group meeting. Meetings are on 27th November in the Thames Valley and 7th December in the North.

If you haven't managed to attend a meeting yet come along and see how the group can help you. Experience the benefits of working together and sharing knowledge and experiences and hear what others have gained.

We would love you to come. To find out more and then book your place, simply click on the relevant link below.

27th November - The training environment and hypnosis in training

How much does the environment impact upon learners? What can we do to create a better environment and mindset to stimulate learners to achieve their full potential?

This meeting gives us a fantastic opportunity to experience and consider these questions in a new and unique setting.....

7th December - Releasing the Unconscious Genius – Antony Shearn (Rescheduled)

The capacity of the normal human brain has no limit. However ingrained habits of thinking and acting often prevent us from accessing the greater part of our intelligence and capability.

We will discover how we undercut the potential that is 'hiding in plain sight' within the normal activity of the brain. We will test out some of the quickest and simplest methods for making better use of it.....
